**FAER**   
Foundation for Anesthesia  
Education and Research

**Our Mission**  
To advance medicine through  
anesthesia research and education

---

---

---

---

---

---

---

**Supporting Anesthesiology**

- FAER provides funding, training and mentorship to early career anesthesiologists
- FAER supports anesthesiologists who make discoveries that advance clinical practice and improve clinical care
- **FAER supports the education and research that will carry anesthesiology forward**

---

---

---

---

---

---

---

### Supporting Wisconsin

- Anesthesiologists in Wisconsin are beneficiaries of FAER's grants and programs
- Funding awarded primarily through two academic centers: University of Wisconsin and Medical College of Wisconsin

---

---

---

---

---

---

---

---

### Wisconsin & FAER Grants

- FAER **research grants** in basic, clinical, translational or education research
- Aimed at developing skills and preliminary data needed to become independent researchers
- **18 Wisconsin FAER research grant recipients**
  - 10 of the 18 FAER recipients are current faculty members at Medical College of Wisconsin
  - Two of the 18 FAER recipients are current faculty members at University of Wisconsin

---

---

---

---

---

---

---

---

### Wisconsin & FAER Programs

- FAER **Resident Scholar Program** sends residents to the ASA annual meeting each year
- Aimed at encouraging careers in academic anesthesiology and education
- **25 Wisconsin Resident Scholars since 1989**
  - Six of the Wisconsin-based Resident Scholars are now faculty members at Medical College of Wisconsin
  - One of the Wisconsin-based Resident Scholars is now a faculty member at University of Wisconsin
  - Three went on to receive FAER research grants

---

---

---

---

---

---

---

---

### Wisconsin & FAER Programs

- **Medical Student Anesthesia Research Fellowship** program encourages talented medical students to consider careers in academic anesthesiology
- Students participate in research projects and clinical anesthesia in academic departments across the country
- **13 Wisconsin MSARF students since 2005**
- Wisconsin depts. also host students from other institutions

---

---

---

---

---

---

---

### Wisconsin & Mentorship

- Eight anesthesiologists from Wisconsin are members of the FAER **Academy of Research Mentors** in Anesthesiology
  - Founded in 2004, 55 current members
  - Recognize outstanding mentorship in anesthesia
  - Serve as a resource for the development of role models in academic anesthesia
